## HOW TO USE OUR SERVICES

### IF YOU WOULD LIKE US TO QUOTE A PART FOR YOU, THERE ARE A FEW DIFFERENT WAYS WE CAN HELP YOU:

#### **If you have a part:**

You can send us the part, bring it to us or call someone on our sales staff to pick it up.

#### **If you have a print and specifications:**

You can fax the information or e-mail it to someone from our pricing team.

#### **You can submit an RFQ electronically:**

Visit our website: [www.thelindgrengroup.com](http://www.thelindgrengroup.com). Once we have all the information we need regarding your part, we will quote it that day!

#### **Would you like to open an account with us?**

You can request and fill out our credit application or send us your own form. All we need is your bank information and three or four business references. The application is also available electronically under the download section on our website, [www.thelindgrengroup.com](http://www.thelindgrengroup.com).

#### **When sending work to us please provide the following information on your Purchase Order:**

Company information including phone, fax number, contact name, ship-to and bill-to address. The finish you would like on the part, process specification, thickness of deposit, part number, masking requirements, special tolerances and packaging requirements. If the part has been quoted by us, please reference the quote number on your purchase order.

#### **On Site Consulting and Sample Processing:**

If you would like to see how your part looks or functions, we can meet with you to review your product specifications, finish requirements, process capabilities, design considerations, and answer any additional questions. We can process preproduction samples for your evaluation also.

#### **Turnaround:**

We pride ourselves on our quick turnaround. Please discuss your requirements with our Business Development and Customer Support Teams.
